Special Events 2008

Aviation Day - Sunday, August 17th: Join us for afternoon festivities and celebrate the flight of the Silver Dart airplane, an aviation first for Alexander Graham Bell's "Aerial Experiment Association", Canada and the British Empire. Children's programs, Celtic music, cake, punch like the Bells made for special occasions, a tetrahedral kite workshop and more, await your visit.

Harvest Home - Saturday, September 20th: Welcome autumn in the style of the early 1900's at our annual "Harvest Home" modeled after the fall picnic the Bell's held at their Baddeck estate. Enjoy children's entertainment, gigantic bubble-making, face-painting, music, lots of games including three-legged race, potato race and sack race and more.

P.O. Box 159, Baddeck, N.S. B0E 1B0
