

This coming February 2009 will mark a historical day for Canada, the 100th Anniversary of the first powered, heavier-than-air, controlled flight of the Silver Dart, flown by J.A.D. McCurdy on the waters of Baddeck Bay.

Come join us as we celebrate this momentous occasion that promises to be a spectacular array of events. It will highlight the achievements of the past 100 years in aviation that has proven to be a true success to our country.

SCHEDULE of EVENTS

December 31st, 2008

A New Years Eve Centennial Kick Off 3 p.m. - 6 p.m. Family Event, Cookies, Cider, and Fireworks at the Alexander Graham Bell National Historic Site of Canada.

Check back for updates on www.baddeck.travel, more events to be confirmed.
